MARCH/APRIL 2012

VOLUME 12 NUMBER 2

FEATURES

10 Roundtable: The Big Leap

Experts discuss the barriers to incorporating innovation into water processes.
BY KERRY FREEK

38 Verify Once, Accept Everywhere

Canada forges ahead with a plan for universal technology verification.
BY JOHN NEATE AND METTE TJENER ANDERSSON

INFRASTRUCTURE

16 Know Your Network

The vital links between risk, level of service, and non-revenue water management.
BY LEO GOHIER, BARRY ADAMS, AND FABIAN PAPA

20 Watertight

Should municipalities spend to seal the small leaks?
BY KERRY FREEK

**REGIONAL FOCUS:
 NORTHERN CANADA**

29 Frozen Assets

A northern Labrador town seeks a solution fit for its geography.
BY STACY BRADSHAW

30 Don't Drink the Water

A contaminated water supply and poor design risks community health in Attawapiskat.
BY KERRY FREEK

32 Off the Grid (Nearly)

Designing water solutions for a remote research centre in Churchill.
BY RICHARD LAY

COLUMNS

26 Liquid Assets

Maximizing profit from water technology innovation.
BY EDUARDO KRUPNIK, JEFF VAN HEUMEN, AND AARON ATCHESON

34 Fine Print

Provinces are getting creative with rulebreakers.
BY DIANNE SAXE AND JACKIE CAMPBELL

36 Groundbreakers

The NRC overhauls an old firehall in Regina to make room for a new lab.
BY KERRY FREEK

42 Rules & Regs

What do we need to know about wastewater?
BY T.D. ELLISON

44 To Tap and Back

The year of water regulation.
BY KEVIN WONG

54 H2Opinion

CARL BODIMEADE looks at water asset lifecycles.

DEPARTMENTS

5 Editor's Note

Un-silencing science.
BY KERRY FREEK

6 Comment

BARRY STEINBERG wants municipalities to fix their leaks.

7 Front

Coffee tells researchers about leaky sewage infrastructure, we celebrate last issue's book giveaway winners, and a reader responds to an article on public-private partnerships.

46 News

Jobs, awards, acquisitions, and partnerships.

50 Events

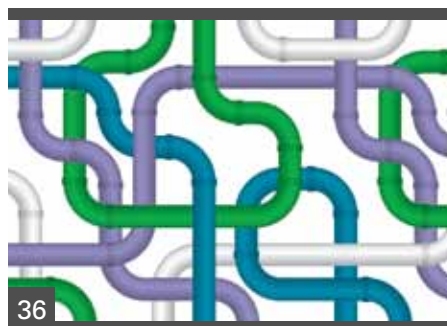

The food-water nexus, water policy in Western Canada, and a rhino named Vishnu.
