**WATER CANADA**

MARCH/APRIL 2013

VOLUME 13 NUMBER 2

**FEATURES**

**10 Message in a Bottle**

Can plastic microbeads pose a problem for municipal utilities?  
**BY SAUL CHERNOS**

**19 WATER'S NEXT 2013**

Our third annual celebration of Canadian water excellence.

**26 Dealflow**

Two venture capital firms outline what's exciting in water tech investments.

**38 A Tribute to Treatment**

Artist **LINDSAY OLSON** wants wastewater plant workers to be recognized for their contribution to public health.

**36 Higher Rates, Lower Income**

**CARL BODIMEADE** and **STEVEN RENZETTI** explore the question of affordability with rising water and wastewater rates.

**INFRASTRUCTURE**

**14 Rust Never Sleeps**

A lack of pipe cleaning standards contributes to perennial corrosion issues.  
**BY RANDY COOPER**

**16 Underground Network**

From sensors below the surface to satellites somewhere in orbit, groundwater monitoring is becoming more sophisticated.  
**BY ERIN PEHLIVAN**

**STORMWATER**

**28 User Fees that Please**

A new user pay and credit system helps Kitchener fund its municipal stormwater program.  
**BY NICK GOLLAN**

**COLUMNS**

**32 Liquid Assets**

Business risk amplifies as insurance companies deal with climate change.  
**BY SUSAN MCGEACHIE**

**34 Ask the Expert**

Could excess limestone negatively affect water quality and a surrounding ecosystem?

**35 Rules and Regs**

It's time for a water infrastructure plan, not a program.  
**BY ROBERT HALLER**

**42 H2Opinion**

**LEO GOHIER** thinks using age as an excuse for failing infrastructure is a copout.

**DEPARTMENTS**

**5 Editor's Note**

What counts as water infrastructure?  
**BY KERRY FREEK**

**6 Comment**

**DR. HANS PETERSON** says national media doesn't care that water is getting better in First Nations communities.

**7 Front**

Cell signals as weather networks, quotable quotes, and a peek at new online content.

**40 News**

Jobs, awards, acquisitions, and partnerships.

**42 Events**

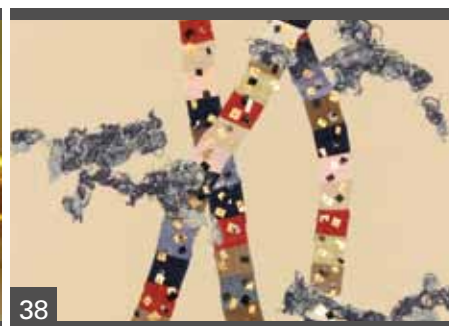

Sustainable Communities, Science Summit Ontario, and Water Innovation in Action.
