WATER

TREATMENT

Canada's Complete Water Magazine

2008 BUYER'S GUIDE

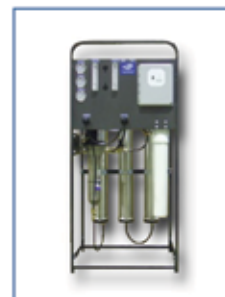

Providing solutions for all your water & wastewater requirements

Sapphire Group is Western Canada's solution to Water & Wastewater concerns. We offer a complete line-up of premier products and systems to treat your specific applications.

Take advantage of **Sapphire Group's** 3 divisions for state-of-the-art technologies and superior service for your next solution.

Sapphire Water designs and manufactures tough and innovative membrane treatment units, specializing in Reverse Osmosis and Nano Filtration Systems.

Sapphire Automation manufactures CSA electrical panels and automation control systems with remote monitoring

Sapphire Technologies represents premier manufacturers in the water and wastewater industry, providing superior quality products for any water treatment concern.

Sapphire Group offers:

Packaged Water & Wastewater Treatment Plants
Onsite Mixed Oxidant Generation Systems
Water & Wastewater Treatment Equipment
RO Membrane Treatment Systems
Tube & Inclined Plate Settlers
Aeration & Filtration Systems
Full Monitoring Services
UV Disinfection
Ozone Systems
Odour Control

2008 BUYER'S GUIDE

PART 1

Directory of Manufacturers, Distributors and Suppliers 4

An alphabetical listing of water treatment industry
Manufacturers, Distributors and Suppliers along with
contact information including names, addresses, phone
and fax numbers, e-mail and web site addresses.

PART 2

Product Categories 17

A breakdown of Product Categories encompassing
a wide variety of products and services listed in
alphabetical order ranging from Air Purification to
Whole House Systems. Under each category heading,
there is a list of companies offering that specific
product or service. Look for the letter in brackets
which indicates that a company is a Manufacturer (M),
Distributor (D) or Supplier (S).

This Buyer's Guide is also available on our
website at watertreatment.ca.

Watts® Water Quality Products Now Stocked In Canada!

More Products.

We offer more products than any other supplier in the water quality improvement industry. This means you can hang your hat with Watts®, and save time and money, dealing with the industry's single source supplier.

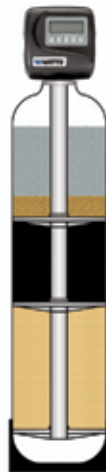

More Competitive Prices.

Because we are the single source supplier and the one stop shop, our customers typically purchase virtually all of their product and equipment requirements from us. And because our discounts are based on volume, our customers save big time, dealing with Watts®. You can too!

More Innovations

We offer more cutting-edge products. Products with the features and benefits consumers demand -- and are willing to pay for. If you want to market unique equipment with high profit margins, then you want Watts®.

New Watts® Tri-Plex Water Softener

We stock everything from A to Z including components, replacement cartridges and spare parts. Virtually everything you and your customers might need.

More Shipping Locations.

With Watts® you always get what you want when you need it. We have seven distribution centers in North America, including the Watts Canada facility, located in Burlington, Ontario.

Waterite Technologies, Inc. is a manufacturing and distribution company that specializes in products for the water pump and the water treatment, purification and conditioning industries and serves the residential, industrial, institutional and municipal markets. The company's Micronizer products are sold worldwide and are the industry standard for small system air injection. Waterite engineers, designs and assembles a wide variety of its products from components sourced and purchased in Canada, USA, Asia and Europe. Waterite has pursued an aggressive expansion program since 2000 resulting in the acquisition of several companies in the industry. Waterite also expanded internally during this period with the opening of its Langley, BC, Montreal, QB and Barrie, ON warehouses and sales offices.

AUTOMATED 3 & 5 GAL BOTTLING SYSTEMS

Brand new automated bottlers with full warranty starting at \$24,900 CDN!

ALL SYSTEMS NOW INCLUDE FREE 2ND YEAR EXTENDED WARRANTY!

- Automatically wash, fill and cap your larger bottles in an enclosed environment.
- PLC controlled system provides unparalleled safety, reliability & economy.
- Heavy gauge stainless steel construction.
- Capacities ranging from 60 - 900 bottles per hour.
- Beware of cheap imitations! Other machines may look similar, but they do not have the quality of construction, features and after sales support of our systems.
- We also supply everything from single pieces of equipment to turnkey bottling plants including PET/Glass rinser/filler/cappers, labelers, blow molding machines, de-scramblers and shrink wrap case packers.

Visit us online @ www.hydrotechwater.com

Hydrotech®'s sole focus is to help the Independent Water Dealer succeed in today's fast changing water treatment market. As a true manufacturer, Hydrotech® offers a depth of knowledge, experience and support that goes far beyond the capabilities of a basic distributor.

Here is what you get when you partner with Hydrotech®:

- A Manufacturing Powerhouse**
- Engineering Excellence**
- Real Field Sales Support**
- Specialized Commercial Support**
- Professional Marketing Material**
- Complete Product Line**

Reverse Osmosis Drinking Water Systems for Residential & Commercial Applications

1240 Series RO Systems

- High quality RO membrane
- 9, 25, 50 and 75 gpd
- Sediment pre-filtration
- Pre & post carbon block filtration
- Color coded tubing for easy installation

Economy RO c/w Booster Pump

The Economy RO package model comes with:

- Product Water Pressure Switch
- Feed Water Pressure Switch
- Booster Pump mounted on RO to maintain constant pressure.

WGR Series

The Hydrotech WGR Series Commercial Reverse Osmosis Systems remove up to 99% of the total dissolved solids (TDS) in raw commercial feed water, producing high quality process water for applications.
